A façade grant is not like a permit; applying does not mean it will be approved.

The façade grant is a reimbursement program (50% of eligible project costs up to \$10,000), all project costs must be paid in advance and the grant money will be awarded after successful final inspection from the City Building and Inspection Division and Planning Division. Work which is not completed as approved (assuming the application is successful) is grounds for non-payment of funds or reduced payment of grant funds.

If awarded, the applicant will be required to submit a W-9 form to receive funds and also complete an agreement before any work eligible for reimbursement is completed.

The signature(s) hereby certify that the statements made by myself and constituting part of this application are true and correct. I am fully aware that any misrepresentation of any information on this application may be grounds for denial or processing of this application. By signing the application, I have read and understand the rules and procedures of the façade grant program and authorize a City Development employee to take any photos from my property to better understand the proposal if needed.
