SECTION 1:

Executive Summary

DESCRIPTION OF DISTRICT

Tax Incremental District (“TID”) No. 9 (“District”) is a Blighted Area District created on June 6, 2000. The District was created to pay costs related to rehabilitation of the Johnson Building at 555 Main Street which serves as the headquarters for Johnson Financial Group. Building renovations were completed in 2002. Prior amendments to the District include:

- In 2012, the District’s Project Plan was amended to designate it as a donor district to Tax Incremental District’s No. 10, 11 and 15. At the time of the 2012 amendment, the Wisconsin Department of Revenue also extended the maximum life of the District from June 6, 2027, to April 14, 2036. This extension was provided due to the concurrent designation of Tax Incremental District No. 10 as distressed. The City made a final transfer of revenue to Tax Incremental District No. 15 in 2018 and has no plans to make any further transfers of funds to these three districts.
- In 2018, the District’s Project Plan was amended to designate it as a donor district to Tax Incremental District’s No. 17 and 21. The City does not anticipate making any additional transfers to these districts after 2025.
- In 2020, the District’s Project Plan was amended to subtract territory, specifically parcel 155-000 (441 Lake Avenue), and to designate it as a donor district to Tax Incremental District No. 24. No transfers have yet been made to this district, nor are any contemplated at present.

PURPOSE OF AMENDMENT

The purpose of this amendment, referred to hereafter as the Plan, the Amendment, or the Plan Amendment, is to:

- Allow \$5,700,000 in excess revenue to be transferred to Tax Incremental District No. 26 (“Recipient District”) as permitted under Wis. Stat. § 66.1105(6)(f)1. The Plan Amendment meets the following criteria necessary to allow for the transfer of excess revenue:
 1. The District and the Recipient District lie within the same overlapping taxing jurisdictions.
 2. The District has enough revenue to pay for all current Project Costs and has enough excess revenue to pay for eligible project costs of the Recipient District.

3. The Recipient District is a district in need of rehabilitation or conservation which qualifies it as an eligible recipient of excess revenue.

EXPECTED TERMINATION OF DISTRICT

Based on the projected allocations of excess tax increments the City expects that the District will terminate in 2034. This date is an estimate. Termination could occur sooner or later dependent on the cash flow requirements of Tax Incremental Districts No. 17, 21, 24 and 26. The District must close no later than 2036.

SUMMARY OF FINDINGS

As required by Wis. Stat. § 66.1105, and as documented in this Plan and the exhibits contained and referenced herein, the following findings are made:

1. That “but for” this Plan Amendment the City’s economic development objectives for TID No. 26 will not be achieved. In evaluating the appropriateness of this Plan Amendment, the Joint Review Board must consider “(w)hether the development expected in the tax incremental district would occur without the use of tax incremental financing” customarily referred to as the “but for” test. Since the purpose of this Amendment is solely to allow for transfer of excess tax increment to TID No. 26, this test cannot be applied in the conventional way. The Joint Review Board has previously concluded, in the case of the District and the Recipient District, that the “but for” test was met. The Recipient District is not likely to recover its project costs without the transfer of tax increments from the District. Since all taxing districts will share in the benefit of the redevelopment projects and increased tax base within the Recipient District, it is appropriate for all taxing jurisdictions to continue to share in the costs to implement them. Accordingly, the City finds that it is reasonable to conclude the “but for” test continues to be satisfied with respect to this Plan Amendment.
2. The economic benefits of amending the District’s Plan, as measured by increased employment, business and personal income, and property value, are enough to compensate for the cost of the improvements. The District is generating enough tax increment to recover all Project Costs incurred to date and is generating excess tax increment that allows for it to become a donor. Providing for transfer of excess increment to the Recipient District is expected to provide the following economic benefits in addition to an increase in property values:

- a. The Developer may purchase materials and services from City businesses for the construction and operation of the Project, providing opportunity for employment, business and personal income.
 - b. The Project is expected to increase convention activity drawing additional attendees and tourists to the City. An increased level of tourism and convention activity will promote utilization and patronage of current and future hotels, restaurants and retail establishments in the downtown area providing opportunity for employment, business and personal income.
- 3. **The benefits of the proposal outweigh the anticipated tax increments to be paid by the owners of property in the overlying taxing districts.** Given that it is unlikely the Recipient District will achieve all of the objectives for its project plan without the use of tax incremental financing, and since the District is expected to generate additional economic benefits that are more than sufficient to compensate for the additional costs to be incurred, the City concludes that the overall additional benefit to be realized within the Recipient District outweighs the anticipated tax increments to be paid by the owners of property in the overlying taxing jurisdictions. As required by Wis. Stat. § 66.1105(4)(i)4., a calculation of the share of projected tax increments estimated to be paid by the owners of property in the overlying taxing jurisdictions has been prepared and can be found in this Plan Amendment.
- 4. The boundaries of the District are not being amended.
- 5. Improvements to be made in the District are likely to significantly enhance the value of substantially all of the other real property in the District.
- 6. The Plan for the District is feasible and is in conformity with the Master Plan of the City.
- 7. The City estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period, pursuant to Wis. Stat. § 66.1105(5)(b).

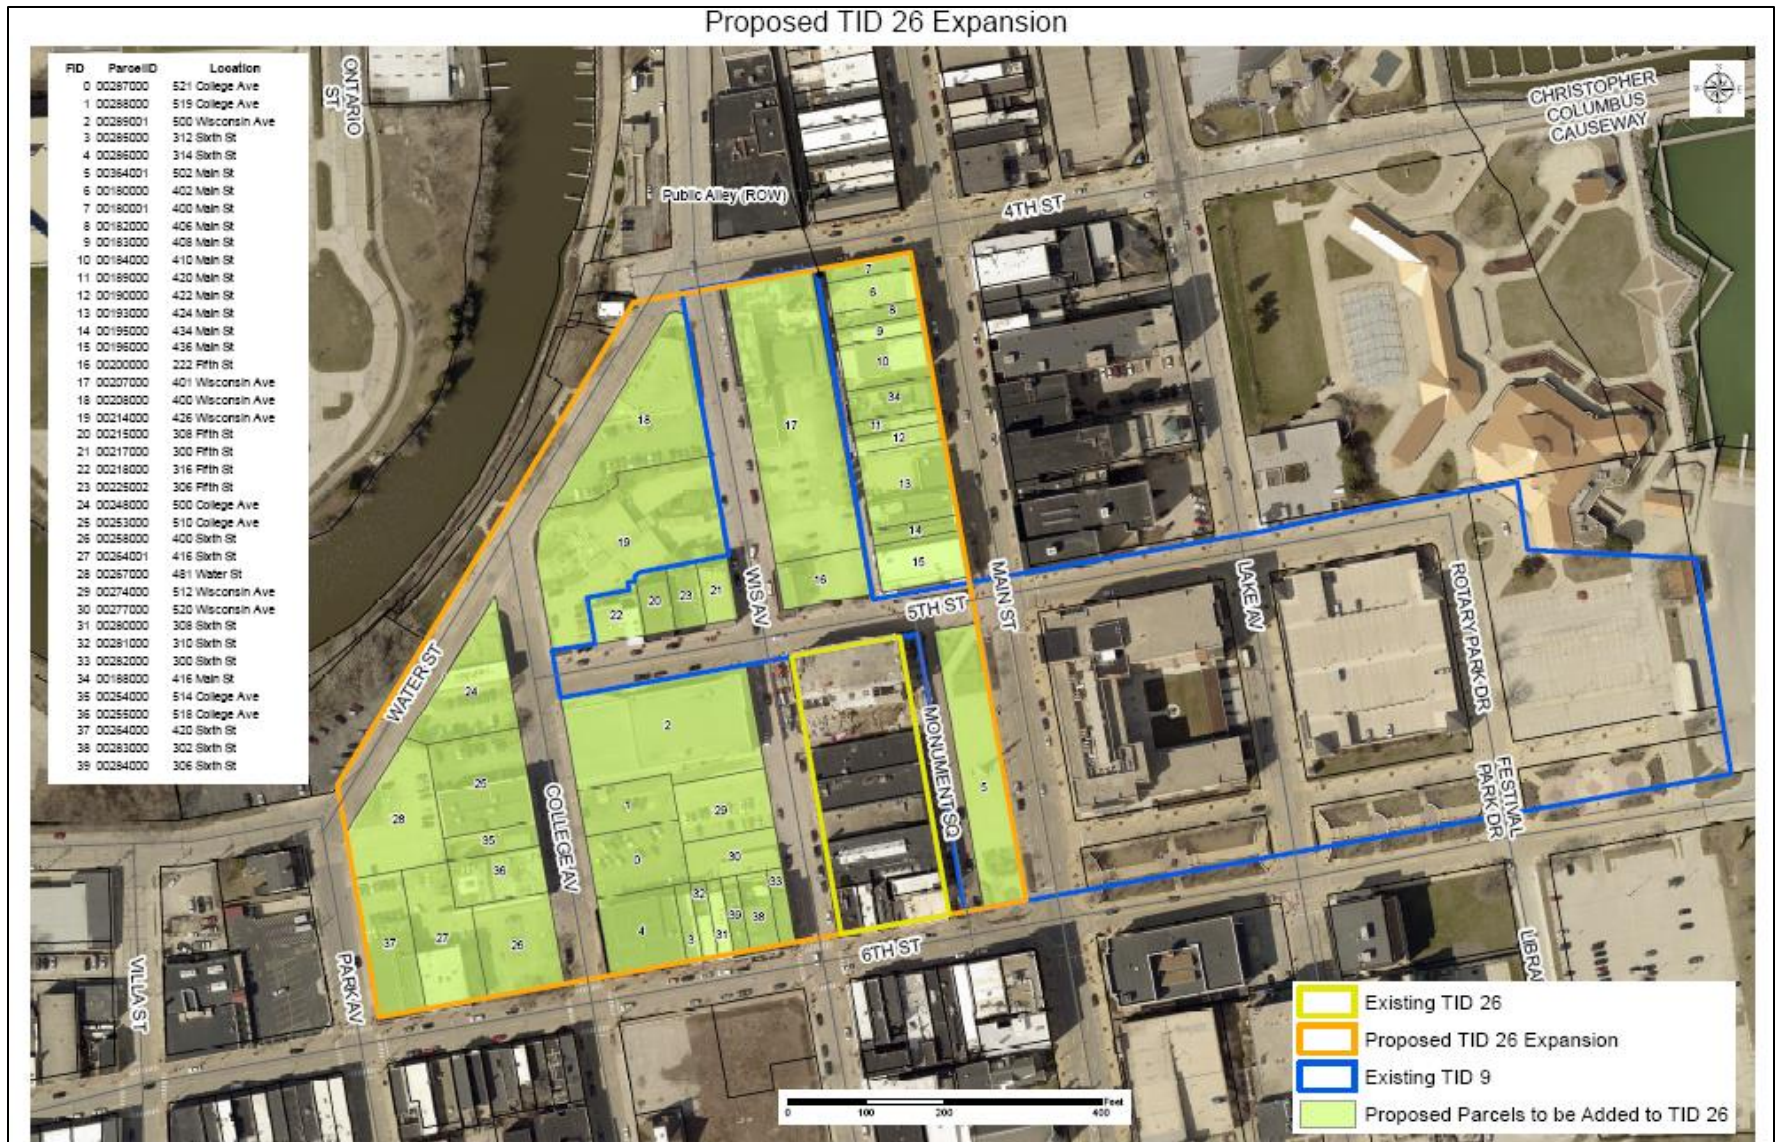

SECTION 2:

Map of District Boundaries

A map identifying the current boundaries of the donor District is found on the following page and is included for reference only. The District's boundaries are not being amended. A map identifying the current and proposed boundaries of the recipient District is found on page 8 and is included for reference only.

Proposed TID 26 Expansion

SECTION 3:

Map Showing Existing Uses and Conditions

The District's boundaries are not being amended. The "Map Showing Existing Uses and Conditions" included within the District's amended Project Plan dated July 8, 2020, remains unchanged, and is incorporated by reference as part of this Plan Amendment.

SECTION 4:

Equalized Value Test

No territory will be added to the District. Demonstration of compliance with the equalized value test is not required for this Plan Amendment.

SECTION 5:

Statement Listing the Kind, Number and Location of All Proposed Public Works or Improvements Within the District

The Statement of Kind, Number and Location of Proposed Public Works and Other Projects set forth in the original District Project Plan approved on June 6, 2000, and as modified in the Plan Amendments approved on October 16, 2012, December 4, 2018 and July 8, 2020 remain unchanged and are hereby incorporated by reference.

SECTION 6:

Map Showing Proposed Improvements and Uses

The District's boundaries are not being amended. The "Map Showing Proposed Improvements and Uses" included within the District's original Project Plan dated June 6, 2020, remains unchanged, and is incorporated by reference as part of this Plan Amendment.

SECTION 7:

Detailed List of Estimated Project Costs

No changes to Project Costs are planned. The “Detailed List of Estimated Project Costs” included in the District’s original Project Plan dated June 6, 2000, and as modified in the Plan Amendments approved on October 16, 2012, December 4, 2018, and July 8, 2020, remain unchanged and are hereby incorporated by reference.

While not considered to be a Project Cost, this Plan Amendment provides authority for the District to transfer excess revenue to TID No. 26.

SECTION 8:

Economic Feasibility Study, Description of the Methods of Financing Estimated Project Costs and the Time When Related Costs or Monetary Obligations are to be Incurred

This Section includes an updated forecast of the valuation increases expected within the District, the associated tax increment collections, a summary of how remaining Project Costs would be financed, and a projected cash flow demonstrating that the District remains economically feasible.

Key Assumptions

Previous investment in Project Costs within the District have generated \$29,426,200 in incremental value as of January 1, 2024, as shown on Table 1. Assuming the City’s current equalized TID Interim tax rate of \$22.76 per thousand of equalized value, and no economic appreciation or depreciation, the District is expected to generate approximately \$12,112,855 in tax increment collections per year through 2036 as shown in Table 2.

Projected TID Closure

Table 4 – Cash Flow For Donor TID After Sharing

SECTION 9:

Annexed Property

A tax incremental district cannot include annexed territory unless at least three years have elapsed since the annexation, or certain other requirements are met. No territory is being added to the District as part of this Plan Amendment.

SECTION 10:

Estimate of Property to be Devoted to Retail Business

Pursuant to Wis. Stat. § 66.1105(5)(b), the City estimates that less than 35% of the territory within the District will be devoted to retail business at the end of the District's maximum expenditure period.

SECTION 11:

Proposed Changes of Zoning Ordinances, Master Plan, Map, Building Codes and City Ordinances

As the scope of this Plan Amendment is limited to the transfer of excess revenue to TID No. 26, there are no zoning ordinance, Master Plan, Map, building code or ordinance changes required.

SECTION 12:

Statement of the Proposed Method for the Relocation of any Persons to be Displaced

Should the continued implementation of this Plan require relocation of individuals or business operations, relocations will be handled in compliance with Wis. Stat. Chapter 32 and Wis. Admin. Code ADM 92.

SECTION 13:

How Amendment of the Tax Incremental District Promotes the Orderly Development of the City

This Plan Amendment promotes the orderly development of the City by providing funds to TID No. 26 for the purpose of rehabilitating and conserving property, providing necessary public infrastructure improvements, and providing appropriate financial incentives for private development projects. Development of new uses in TID No. 26 will add to the tax base and will generate positive secondary impacts in the community such as increased opportunities for employment, personal income, and business income.

SECTION 14:

List of Estimated Non-Project Costs

Non-project costs are public works projects which only partly benefit the District. Costs incurred that do not benefit the District may not be paid with tax increments. Examples of non-project costs are:

- A public improvement made within the District that also benefits property outside the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- A public improvement made outside the District that only partially benefits property within the District. That portion of the total Project Costs allocable to properties outside of the District would be a non-project cost.
- Projects undertaken within the District as part of the implementation of this Project Plan, the costs of which are paid fully or in part by impact fees, grants, special assessments, or revenues other than tax increments.

No improvements to be made within the District will benefit property outside the District. Furthermore, there will be no improvements made outside the District that will only partially benefit the District.

SECTION 15:
**Legal Opinion Advising Whether the Plan is Complete
and Complies with Wis. Stat. § 66.1105(4)(f)**

RE: City of Racine, Wisconsin, Tax Incremental District No. 9
Amendment

Mayor Mason:

As City Attorney for the City of Racine, I have reviewed the Project Plan for City of Racine, Wisconsin, Tax Incremental District No. 9 Amendment and, in my opinion, it is complete and complies with Wisconsin Statutes section 66.1105(4)(f). This opinion is provided pursuant to Wisconsin Statute section 66.1105(4)(f).

Sincerely,

Scott R. Letteney
City Attorney

SECTION 16:

Calculation of the Share of Projected Tax Increments Estimated to be Paid by the Owners of Property in the Overlying Taxing Jurisdictions

The following projection is provided to meet the requirements of Wis. Stat. § 66.1105(4)(i)4. Projection excludes prior revenue years.

Revenue Year	Racine County	Racine Unified School District	City of Racine	Gateway Technical College	Total	Revenue Year
2025	79,017	232,065	396,930	18,668	726,681	2025
2026	79,009	232,042	396,891	18,667	726,609	2026
2027	79,002	232,019	396,851	18,665	726,536	2027
